

Since 2003
Springfield,
Missouri

Chase Sullins grew up in Springfield, Missouri. He attended Kickapoo High School in Springfield, graduating in 2020.

Alongside his first love of preaching, he enjoys watching movies and TV shows, playing computer games, fishing, and going on mission trips.

He decided to go to the Bible Institute of Missouri when he viewed the spiritual decline of the world and the church. He wanted to make a difference and try to take the saving message of God to as many as he could. He is still fully committed to his decision to preach God's Word.

Speaking about school, he said, "My BIM experience is one I will never regret and one I will never forget." He said he was transformed by God's Word during the intense (and sometimes overwhelming) two years of study. Though it was stressful at times, he regrets nothing about his decision to train to be a preacher. "I shall use what I have learned to transform this world as much as I can with the powerful, life-changing and eternity-changing Word of God."

Chase is thankful for all his support during school: "God bless you for the work you have done in supporting another true and faithful preacher of God. I thank you dearly and greatly and hope you never stop in supporting men just like me. Praise be to God for your good works brethren."

His future plans include evangelism and mission work. He wants to commit God's Word to others so that he can pass on what he has learned.

Working Together to Evangelize the World

By Jerry Sullins

Evangelization of the world from the very beginning of the church was a cooperative work of the church. Following the command of Christ to the apostles, they went out to preach the gospel to the whole world. The efforts of Christ himself and from the very beginning of the church recorded in the book of Acts, the gospel was spread by individuals joining together in small and large groups to spread the gospel to their generation. There were always those who went to the world to spread the gospel and Christians who sent them to do the work. Romans 10:14-15 This was the plan of God to evangelize the world, and we are a part of that plan that must go on in this world of 7.9 billion souls!

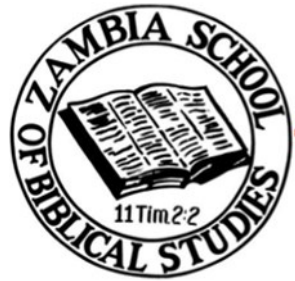

I am happy to report that we have had a good response from the appeal that was made in our last newsletter concerning funds needed to continue our work with our five schools of preaching. We showed the need to raise an additional \$6,600 per month to supply the monthly budget for all schools combined. \$600 per month has been raised for this need. To take care of the needs for the rest of the year we projected we would need \$39,600. We have received \$25,000 towards that goal. Praise God!

We continue to appeal to you all to help with our monthly support deficit at \$6,000 per month. Or if you would prefer to help us with one-time gifts to raise the remainder of this year's needs which now stands at \$14,600. Please send all funds to the address on this newsletter. We need your help!

As always, we thank you all so much for your support now and in the past through prayers, money, and so many other things. We know that we truly could not do this great work for the Lord without so many brethren helping us for all these years.

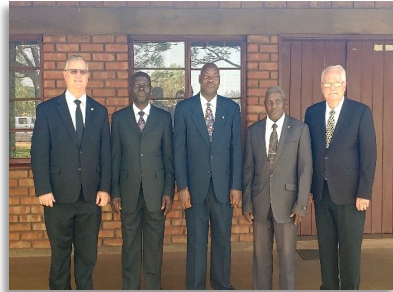

Presently, we have collectively a total of 60 students that are being trained in our schools. Trey and I will be going for the graduation of sixteen students. We will also be attending a seminar of past graduates and meeting the new class of 17 students. Just next month, Ray will be going to Zambia for a bi-yearly Seminar of past students and will meet the new class of 16 students.

Stateside, we look forward to a BIM open house on June 4th and a class starting at the BIM in August. Please pray for our schools and for our upcoming trips as we pray for you all as well!. Remember, together we can do our part in evangelizing this world! Everyone in the world needs to hear the gospel of our Lord and Savior, Jesus Christ.

Since 1988
Zambia

The school in Livingstone, Zambia continues to flourish for the sake of Christ. Our faculty and students there continue to do a great job and set a wonderful example for our other schools in throughout Africa.

Faculty with Jerry and Ray

Lord willing this summer Ray Sullins and Chase Sullins will be able to make a trip to Zambia and to spend some time with the class who is currently training there. We also will have the opportunity

Students in Chapel Listening to Jerry

of growth, encouragement and study.

While in Zambia we also hope to be able to purchase a newer vehicle for the school because the old vehicle broke down frequently. It is essential to have a vehicle in order to accomplish travel to some of the remote areas where we have congregation and graduates.

Please keep all of these things in prayer as we are currently raising funds and trying to get organized for the trip. If you are able to help in any way with the trip to Zambia or the vehicle, it would be greatly appreciated. May God continue to richly bless His work in Zambia.

Since 2003
Uganda

Finally, things seem to be getting mostly back to normal in Uganda. Our new class is underway and all seems to be going well. Our current class has 18 students, and they are working hard. Now this class is playing a little bit of catch up, due to getting a late start but things are going smoothly.

School Grounds

Lord willing, there will be a trip to Uganda this summer. It has been over 2 years since anyone was able to go but in July Jerry and Trey will be traveling to there to work with the new class and to encourage the brethren. While in Uganda there will also be a graduate seminar where all previous graduates will return for a time of encouragement and growth. Please keep all of these plans in your prayers as money is being raised to help fund this essential trip and as all the preparations are accomplished.

Guest House

Also, below is a picture of the newly finished guest house, which will allow visitors and guest to stay on the school property when visiting Uganda. This was very much needed for the fact that the school is in a remote area. We thank God for the blessing of this place to stay. Thank you all for your love and support for your brethren in Uganda.

Since 2017
Ghana

Dad and I had a very prosperous trip to Ghana in April of this year. We were able to meet with all the faculty and spend time with the students as well. While in Ghana we reorganized some of the administration of the school and held meetings about the future of the school there. God truly profited our trip, and we are ever thankful

On the road with brother Williams

Congregation Which Meets at the School

for His blessings. It's hard to believe but the class below will be graduating in November. If all goes well, I hope to be there for the graduation to celebrate with them. We also are in the continuous process of selecting students for the next intake. Please keep all these plans in your prayers as we do our best to train the faithful men of Ghana to go out and teach others also.

Faculty and Students

We love and appreciate you all for your continued support of the work in Oboaso, Ghana.

Since 2022
Kenya

The new school in Nairobi Kenya continues to prosper and do well. I think that the faculty and students have finally settled in and that everything is running smoothly in the day-to-day operations of the school.

Faculty and Students

Also, our cook, cleaner and yard man are all doing good jobs and are taking good care of our school building and grounds. Brother Samson is doing a great job directing the school and he is doing a great job as an instructor as well. Also, brother Wilson and brother Dan, the other instructors, are fitting into their work well. Please keep all of these men and our students in your daily prayers that all may continue to go well and that we will maintain the highest level of training.

New Garden at the School

We still have 12 men at the school training, and they have now complete their first quarter of studies. All of the students have above a C average, but most are making A's and B's. We are very proud of the good work these brothers are doing. How exciting it is to see the desire of men to know God's Word and their love to study the truth! Praise be to God and thank you for your support of His work in Kenya.
